## Why SupportPSOF.com ??

Each one of us owes our life to everyday Heroes that surround us. These Heroes ensure the safety of our children, our property, and promote the well being of the world in which we live.

Men and women who go to work each day not knowing what that day will bring or what its circumstances will require. For some, the call of duty will require their very lives.

The **Public Safety Officer's Fund (PSOF.org)** was founded to benefit the families of Police Officers and Firefighters killed or catastrophically injured in the line of duty through financial and specialized information resources.

**You Win by using EMEX to find and lock-in the Lowest Electricity Rate available while helping PSOF to achieve its Mission of providing financial and other services to these Heroes. Thank you.**

## Under Contract Now? Good!

Electricity rates are at historic lows. **If you have less than 12 months remaining** on your existing contract, you can take advantage of these low rates with a **Forward Priced Reverse Auction**.

And, if you use **more than 1,000,000 kWh** each year, you can Forward Price **up to 24 months** in advance of your current contract's expiration date.

It's nice being in the driver's seat. EMEX puts you in control of your energy costs sending increased profits directly to your bottom line.

## Consolidate Multiple Meters

If you have multiple electric meters or if your business has multiple locations (e.g. a franchise), you can consolidate all of your locations for even better pricing potential.

For the best accuracy, usage can be specified on a meter-by-meter basis. All the information you will need is present on your most recent Electricity bill

## What Is A Reverse Auction?

With an EMEX Reverse Auction, Energy Suppliers get just 10 minutes to bid for your business. This promotes a healthy competition and gets you the **Lowest Possible Price** for your company's electricity with **No Obligation** to accept any bid.

## EMEX Is Ideal For:

- **Businesses, Industrial Parks**
- **Office Buildings, Hotels, Motels**
- **Franchises, Churches, Hospitals**
- **Malls, Outlets, Manufacturing**
- **Retirement Centers, Restaurants**
- **Any Non-Residential Electricity Usage Exceeding 20,000 kWh Annually.**

## SupportPSOF.com

This hyper-competitive environment ensures you the Lowest Electricity Rate possible. Rates are at 10 year lows. Now is the time to Lock-in your Rate.

If you use more than 20,000 KwH annually, you can benefit from an EMEX Reverse Auction. It takes **less than 20 seconds** to setup an account

## Getting Started Is Easy

To Get Started, all you need is the information on your most recent Electricity bill(s). If you wish, you can get more specific and specify your usage on a **Meter-by-Meter** basis.

You can do everything from the comfort and privacy of your own office if you so choose. **No need to share your sensitive business data with strangers. No Expensive "Consultants"**.

**Of course, the EMEX Industry Experts are always available.** EMEX brokers tens of millions of dollars in electricity sales annually. As the saying goes – "A Real Person when you want one, Technology when you don't".

## You've Only Had 3 Choices

Until now, you've only had 3 choices: Do Nothing, Do It Yourself or Hire an "Energy Consultant" to do it for you.

But even the best Energy Consultants in the world could not even begin to approach what EMEX will accomplish for you automatically and at no cost.

**There is nothing like the Energy Exchange. It will revolutionize how Business purchases electricity from now on.**

The Exchange implements a Transparent, Online Reverse Auction Marketplace where Suppliers compete with each other for YOUR business.

### EMEX Makes Savings Easy

"I like that I didn't have to go call a company and ask them to quote on my business. 10 suppliers came to us to compete in our auction, and the whole auction process drove prices down almost 27%."

- Chris Pittner, Sylvan Learning
